For When the Trail Gets Steep

Steep climbs, high-speed racing, all-day adventures: "Down-country" may be an industry buzzword, but it's what so many riders have always done.

Down-country is all about going up fast, down fast and repeating. The Moventor 2.0 is ideal for the demands of mountain bikers who feel at home on steep trails. The MTB helmet is lightweight, well ventilated and has a deeper fit that gives more protection at the back of the head. When the trail points downwards, the 10 air inlets and 9 air outlets provide good ventilation. Thanks to the Zoom Ace MTB adjustment system, the helmet can be individually adapted to your head. This is especially important when you ride off-road. What more do you need?

Technologies

- Lower edge protection: polycarbonate (PC) outer shell covers the lower edge of the helmet and protects against scratches, impacts and signs of wear and tear
- Ponytail Fit: thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids
- Reflector Sticker: for better visibility in the dark
- Height-adjustable peak: the position of the peak can be adjusted thanks to locking positions to provide optimum protection from hanging branches and sunlight
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Trivider™: particularly flat divider with fixed positioning of the straps to prevent unintentional adjustment
- Comfort Pads: soft padded inserts for optimum comfort, attached to the helmet with Velcro

Seite 2 von 2

- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Push-in buckle: for safe and practical handling, the straps are fitted with a classic chin lock (three-pronged connection) for opening and closing
- In-mould process: production process in which the inner cushioning material made of expanded polystyrene (EPS) is foamed directly into the outer shell made of polycarbonate (PC) – this creates a durable and robust connection

Technical data - Moventor 2.0 chalk grey M

Additional safety features	Reflector Sticker
Chin buckle	Push-in buckle
Finish	matt
Forced Air Cooling	No
Fullface	No
Head size	54-58 cm
