

360 Trigger Alpha 2.0 red

Seite 1 von 2

DOUBLE BOLTED

The Trigger Alpha 360 2.0 offers convenient theft protection for scooters.

With its 10 mm locking bolt made of hardened special steel, it offers tough resistance to thieves. Double T-bolt locking secures the locking mechanism and provides effective protection against tampering such as spreading. Despite its robust design, the lock remains compact and easy to transport on your scooter when on the move - ideal for everyday use. Two keys are included in the scope of delivery.

Technologies

- 10 mm locking bolt
- Double bolting thanks to the T-bolt, which anchors itself in the lock body after locking and prevents attempts to break the lock open by spreading
- The bolt, housing and structural parts of the locking mechanism are made of specially hardened steel
- Two keys included

Operation and use

- Basic protection where there is a low theft risk
- Recommended for securing scooters

Tips

- Disc brake locks are the most compact category of motorbike locks and are therefore easy to transport
- To increase security when parking for longer periods, it is advisable to also secure the motorbike to a fixed object
