

# RG59 Video Cable 100 m

Art.-Nr. TV8601

Seite 1 von 1

The RG59 video cable allows you to connect individual components and ensure good data transmission. The cable resistance is 75 ohms. The coaxial cable is available in lengths of 50 m (TV8602), 100 m (TV8601) and 250 m (TV8600).

## Technologies

- 75 ohms, type 0.6 L/3.7 mm
- Available in different lengths

## Technical data - RG59 Video Cable 100 m

|                            |             |
|----------------------------|-------------|
| Application purpose        | indoors     |
| Attenuation                | 2.59 dB     |
| Cable length               | 100 m       |
| Cable style                | RG59        |
| Colour                     | green       |
| Diameter                   | 6.1 mm      |
| Fire behavior              | Eca         |
| Housing material           | PVC         |
| Impedance                  | 75 Ω        |
| Insulation                 | 3,7         |
| Max. operating temperature | 75 °C       |
| Min. operating temperature | -30 °C      |
| Net weight                 | 4.6 kg      |
| Outside diameter           | 61 mm       |
| PSTI conformity needed     | No          |
