SMALL CAMERA, BIG PERFORMANCE: FOR BRILLIANT IMAGE DETAILS

The IP Mini Tube is a discreet surveillance camera.

Discreet 24/7 surveillance

The IP Mini Tube delivers video streams in 4K resolution. With its IP67 housing and integrated IR LEDs, it is suitable for indoor and outdoor use by day and night.

2 lens variants for maximum flexibility

The camera is available with 2 focal lengths - for optimal planning and installation: 2.8 mm (102° viewing angle, IPCB38511A) for wide-angle situations and 4 mm (78°, IPCB38511B) for greater distances.

Autom. Object recognition

The security camera reliably distinguishes relevant movements (people, vehicles) from disturbances (branches, light, etc.) - and thus minimises unnecessary motion alarms.

Recording and compatibility

Recordings are made on ABUS recorders, video management software or local microSD card. The camera is compatible with ABUS Secvest, Secoris and WLX Pro.

Convenient start-up

An installation box (TVAC32300) helps mount the camera with protected wiring. The free ABUS IP Installer software makes network setup easier.

ABUS Link Station app: Live access, push notifications

Easy mobile app access for live viewing, playback and push notifications for events. IPv6 compatible.
