

FOR SEVERE CASES

Door closer for heavy doors weighing up to 120 kilograms.

Safe and quiet closing is essential for the life of your doors. Often only a gust of wind causes an involuntary and loud bang. Even heavy doors in public buildings are not protected from this. Unless you rely on this door closer. The closer is suitable for heavy doors weighing up to 120 kilograms and up to 1.40 metres wide. Closing speed and force are individually adjustable. A hydraulic opening absorber provides additional protection.

Technologies

- Suitable for a door weight of 60 up to 120 kg
- Max. door width 950 up to 1400 mm
