158/50

ROBUST

Our combination lock 158 with double shackle locking mechanism and has an individually resettable number code.

To secure valuables at average risk of theft, our combination lock 158 is a good solution. The lock body consists of a zinc die-cast body, the shackle of hardened steel. The lock is available in three-digit, four-digit and five-digit code variants. The bracket closes with a double lock. We recommend using hasps 100, 110 and 300 for this padlock.
