

Smartvest Pro wireless alarm system & app – Starter set

Art.-Nr. FUAA45000

Seite 1 von 5

Reliable security. Every day

Do you want to protect your home from break-ins using modern means? Then the Smartvest Pro wireless alarm system is just right for you.

Whether you're out at night, out shopping or on a well-earned two-week holiday - with the Smartvest Pro wireless alarm system, your home is always reliably and intelligently protected: the integrated, loud indoor siren puts burglars to flight. At the same time, the Smartvest Pro app keeps you informed via push notification.

All devices are installed in no time at all, as they communicate with each other wirelessly. The alarm panel only requires a free power socket. The timeless design blends seamlessly into any living environment.

In addition to the alarm panel, the starter set also includes the first core components: the opening detector secures a door or window of your choice against break-ins. Just like the free app for your mobile phone, the remote control is used to switch the alarm system on and off.

Intrusion protection, fire safety & much more

The Smartvest Pro app is also the hub of the security system. You can use it to add further devices as required: practical hazard alarms protect against natural hazards such as fire and water. Smart surveillance cameras deliver live images to all smartphones and tablets that are connected to your system. A smart lock drive on the front door automatically deactivates the alarm system - so you no longer need a conventional key when you come home. Voice assistants can be integrated to arm the alarm system, for example.

Decision-making made easy: The Smartvest Pro wireless alarm system and all its components are ready for use around the clock. For a pleasantly secure home. For you and your family.

Smartvest Pro wireless alarm system & app

Technologies

- Starter set of the Smartvest Pro wireless alarm system: with alarm panel including integrated indoor siren, opening detector, remote control and free Smartvest Wireless Pro app for smartphones and tablets
- Effectively deters burglars: with a loud alarm and additional visible outdoor components (surveillance cameras/outdoor siren)
- Always in full control if an alarm event occurs: push notification and app on mobile phone or tablet show all reported events (with security camera including live stream)
- The Smartvest Pro app is at the heart of the system: Switch alarm system on and off (even when out and about), call up event list/memory, conveniently set up alarm, camera and door scenarios as required (no subscription required)
- Well prepared: for self-installation (even without prior knowledge), alarm panel can be integrated into the home network via LAN/Wi-Fi (guided by the app)
- For all family members: alarm system control via smartphone, tablet, remote control, optionally via code input or chip key (see keypad), scenario start e.g. via voice assistant
- Strongly secured: alarm panel/intruder alarm protected against tearing off/tampering, battery operation in the event of a power failure, optional mobile communication module (takes over if Wi-Fi/LAN fails)
- Smart expansion: more opening detectors, compatible vibration detectors, smoke alarms and flood alarms , smart door locks (control alarm system automatically), practical surveillance cameras and much more
- Reliable security for your home: Day and night, pleasantly secure

Technical data - Smartvest Pro wireless alarm system & app – Starter set

Depth	195 mm
Event memory	Yes
External interface	Yes
Height	34 mm
Max. Max. number of detector groups	32
Net weight	0.615 kg
Number of sabotage detector groups	32
Product group	Alarm panel
Radio networked	Yes
VdS class	without
WEEE group	09
width	130 mm

Technical data - Smartvest Pro wireless alarm system and app – alarm control panel

AC power supply	100 - 240 V
Alarm generation	Push notification / Acoustic warning signal
Battery - GRS type	18650
Battery - battery operation	Yes
Battery - permanently installed	Yes
Battery - quantity	2
Battery - runtime	max. 20 h
Battery type	18650 Lithium Rechargeable Battery
Colour	white
DC power supply	5 V
Depth	195 mm
Dimensions	195 x 130 x 34 mm
Display type	LED
Emergency power supply	Yes
Event memory	Yes
Gross weight	0.756 kg
Height	34 mm
Housing material	Plastic
Integrated siren	< 90 dB
Length	195 mm
Max. Air humidity	80 %
Max. Max. number of detector groups	32
Max. Operating temperature	40 °C
Min. humidity	10
Min. operating temperature	0 °C
Net weight	0.54 kg
Network connection	RJ-45 connector / WI-FI (10/100 Mbps)
Number of events	1,000
Number of sabotage detector groups	32
Number of wireless zones	32
Plug type	DC-plug: 3,5 x 1,35mm
Product group	Alarm panel
Radio frequency	868.3 MHz
Radio modulation	FSK
Radio networked	Yes
Radio range	Depending on installation max. 100 m

Technical data - Smartvest Pro wireless alarm system and app – alarm control panel

Software	App: Smartvest Pro
Supported IP cameras	ABUS PPIC31020, PPIC42520, PPIC44520, PPIC46520, PPIC9100, PPIC52520, PPIC54520
Transmission power	11,3 dBm
VdS class	without
WEEE group	09
width	130 mm
EAN	4003318867798

Technical data - Smartvest Pro wireless opening detector

Areas of application	Interior
Battery - battery operation	Yes
Battery - max. battery life	1 years(s)
Battery - quantity	1
Battery type	CR2032 (3V)
Colour	white
Current consumption	0.014 mA
Dimensions	78 x 28 x 11 mm
Gross weight	0.088 kg
Housing material	Plastic
Max. Air humidity	80 %
Max. Operating temperature	40 °C
Min. humidity	10
Min. operating temperature	0 °C
Net weight	0.055 kg
Product group	Detectors
Radio frequency	868.3 MHz
Radio modulation	FSK
Radio networked	Yes
Radio range	Depending on installation max. 100 m
Transmission power	11.3 dBm
VdS class	without
WEEE group	09
Width sensor	28 mm
EAN	4003318419089

Technical data - Smartvest Pro wireless remote control

Areas of application	Interior
Battery - battery operation	Yes
Battery - max. battery life	1 years(s)
Battery - permanently installed	No
Battery - quantity	1
Battery type	CR2032 (3V)
Colour	Other
Current consumption standby	0.01 mA
Depth	8 mm
Dimensions	69,5 x 28 x 8 mm
Display type	LED
Gross weight	0.031 kg
Height	69.5 mm
Housing material	Plastic
Max. Air humidity	80 %
Max. Operating temperature	40 °C
Min. humidity	10
Min. operating temperature	0 °C
Mounting type	Other
Net weight	0.019 kg
Product group	Control units
Protection class IP	20
