

Hyban 2.0 ACE titan M

BEST VIEW

With the Hyban 2.0 ACE freezing airstreams and insects are a thing of the past.

Simply pull down the generous outside visor and enjoy the view without any airstream in your eyes. The integrated topgrids, which can be removed optionally, provide additional protection against the cold wind or insects.

Technologies

- Ponytail Fit: thanks to the opening in the height-adjustable adjustment system, the helmet is also suitable for long hairstyles such as ponytails, buns, or braids
- Reflector Sticker: for better visibility in the dark
- Bug Mesh: keeps flies and other bugs off your head without messing with the helmet's ventilation
- Vent Cover: cover to close the ventilation openings to protect against sun, wind and rain
- Clip-on Rear Light: attaches to the back of the helmet and ensures greater visibility
- Two different light modes (Rear Light): Steady for continuous light and Flash for brightly flashing light in at short intervals
- Operating time per mode in h (min.): depending on the weather conditions and type of use, the available usage time of the light is at least 12 hours in continuous mode and in flashing mode at least 24 hours
- Height-adjustable visor: protects the eye area from wind, rain and insects and can be adjusted to different positions
- Zoom™ Spin adjustment system: rotary wheel at the back of the head for individual adjustment of the helmet to the head size
- Flap Divider™: strap divider for individual adjustment of the straps below the ears – with clamp fastener to fix the

set position

- Comfort Pads: soft padded inserts for optimum comfort, attached to the helmet with Velcro
- Removable, washable pads: can be removed and washed by hand or replaced if necessary
- Magnetic buckle: the straps are fitted with a high-quality, magnetic FIDLOCK buckle to enable the chin buckle to be opened with one hand, even when wearing gloves
- Hard shell application: production process in which the outer, injection-moulded shell made of hard plastic is placed over the shock-absorbing rigid foam, thus ensuring a high level of robustness and protection

Technical data - Hyban 2.0 ACE titan M
