

IDEAL FOR OUTDOORS: OUR 183AL COMBINATION LOCK

With an aluminum lock body and stainless steel code dials and internal components, this lock boasts exceptional weather resistance, making it a perfect choice for outdoor applications.

What sets it apart is the shackle's replaceability, enabling quick customization to meet your specific needs.

The lock's five code dials offer an impressive 100,000 unique combination possibilities, significantly enhancing its security. Furthermore, the precision locking mechanism ensures an exceptionally high level of resistance against picking.
