

KeyGarage™ 797 with shackle

FOR 20 KEYS OR 14 CREDIT CARDS

Our KeyGarage™ 797, equipped with a shackle and an individually adjustable numerical code, offers a secure solution for storing keys and cards.

Gone are the days of hiding keys under doormats or flowerpots. The KeyGarage™ 797 provides a convenient and highly secure alternative. Its robust metal housing can accommodate up to 20 keys and 14 plastic cards, all accessible via a four-digit numerical code set using adjustment wheels. This ensures that only authorized individuals have access.

This feature is particularly valuable for situations involving frequently changing groups of people, such as handymen, vacation guests, vehicle rentals, nursing staff, and more. You can easily hang this key box on a doorknob using the shackle. We recommend using the KeyGarage™ 797 in protected outdoor areas for optimal security.

Technologies

- Solid metal housing
- Locking cover made of zinc die-cast
- Solid metal housing
- Protective cover with sliding mechanism
- Fixing with shackle, e.g. on a door knob of gates and doors
- Can hold up to 20 keys or 14 code cards
- Outer dimensions of housing: 84 x 119 x 44
- Housing and shackle plastic coated (protects door from scratching)
